# HIRING

### **Job Summary**

Vacancy:

Deadline: Jan 03, 2025 Published: Dec 03, 2024

Employment Status: Full Time

Experience: 3 - 5 Years Salary: To be defined

Gender: Any

Career Level: Mid Level

Qualification:

# Responsibilities

- Monitor the **company's capital situation daily** using an in-house approach
- Contribute to the **capital planning** for the firm
- Further **automate monitoring processes** and implement additional controls; maintain the in-house reporting tool, manage change requests with IT
- Prepare capital adequacy and related regulatory reports for the company's partners (Basel III/ IV)
- Support the **onboarding** of the company's partners and the implementation of related requests
- Keep track of regulatory developments by **identifying and analysing** relevant changes
- Maintain the vendor software installation for **regulatory reporting** by collaborating with in-house IT and liaising with the software vendor

### **Requirements:**

- **Degree in finance** with quantitative focus or other quantitative degree (physics, mathematics, computer science, financial mathematics, etc.)
- 4 years+ of experience in a similar role in the finance industry, ideally covering structured products
- Strong interest in capital adequacy topics where **in-depth knowledge of the Basel framework** is an advantage
- Strong **analytical skills** and preference to work with complex IT systems
- Thorough understanding of derivatives and financial markets
- Willingness to analyse problems and work with considerable accurateness
- Output-driven while having high quality standards
- Team player with strong interpersonal and communication skills
- Ability to learn new concepts and tools
- Proficient in the use of Microsoft applications, particularly Excel
- Fluent in **English** (nice to have)
- · German would be a plus

## The company:

Our client is **fintech company** with a leading marketplace for structured **investment solutions**.
